Action taken from Feedback

To get an overall idea on the syllabi of various courses offered by the university, the college maintains an institutional level feedback report. Every year feedback on curriculum is collected mostly from final year students as they have an overall idea of the curriculum. The data collected is sorted and consolidated for drafting the analysis report. The analysis is done year wise as well as parameter wise.

Action Taken for syllabus:

The aspects pointed out by students are considered with special care and attention. These feedbacks are discussed with those faculties who are members of University Boards of Studies, to ensure that the matter will be put up for necessary action in upcoming BOS meetings.

Institute Feedback:

Based on the analysis of feedbacks received from students and alumni, the Institute tries to improve upon various infrastructural and support facilities. Over the last five years some of the actions taken regarding the same include, revamping of the fire safety system, Servicing of the RO system to providing safe drinking water, added night watchman, Improving WI-FI quality, augmenting the infrastructure with 4 new classrooms, etc.

Action taken for Faculty:

The Institute regularly takes feedback of the students regarding faculty performance and accessibility. Based on the analysis, if any faculty is found to be having average performance, he or she is motivated by the Principal and the Academic advisor of the management to improvise and improve further.
