On the occasion of **Gurupurnima**, the **Chemistry Department, M. G. Science Institute** organized webinar on **‘Indian Knowledge Tradition’** on 17<sup>th</sup> July, 2021 at 11 am on MS Team platform. The eminent speaker was **Prof. Rama Shankar Dubey, Vice Chancellor, Central University, Gandhinagar**, Gujarat and professor of Biochemistry. He is the recipient of many awards in the field of research and academics namely Young Scientist award by ISCA, Swedish Institute Fellowship, INSA- German Academy of Science, Japan Society Fellowship, National Bihar Education Summit & Award etc. He is also a member of many academics and Government bodies. The webinar was initiated with opening remarks by Dr. Vivek N. Upasani, Principal M. G. Science Institute followed by the speech of Honorable Prof. A. H Kalro, the Academic Advisor Ahmedabad Education Society. Rendering the webinar, Dr. Shailesh N. Zala - Head of Chemistry Department introduced our eminent speaker. Dr Rina V Shah, Asso. Prof., who coordinated the

event. Along with this many Faculty members and students remained present to celebrate Gurupurnima through this webinar. About 200+ participants attended this webinar.

The eminent speaker Shri Rama Shankar Dube talked about ancient Indian power of *knowledge* in a very lucid manner. He made us informed about Maharshi Kanad - for the invention of atom and conversion of matter to energy, Maharshi Sushrut who introduced about more than 300+ Surgeries, Acharya Nagarjun -to convert Mercury to Gold, Maharshi Aryabhata for Astronomy and introducing pi value and about many more ancient Indian scientists. He also tried to convey that the tradition of Gurukul with Guru- Shishya is the best option for the overall growth of person, person to Nation and Nation to the overall world. Overall every participant was benefited through this webinar to know about “**Indian Knowledge Tradition**”. The attendees were also awarded the certificate for the participation.
