

Celebration of Guru Purnima

by

Microbiology Department, M. G. Science Institute

(24th July 2021)

Guru Purnima was celebrated on 24th July 2021 by the Microbiology department. Students had celebrated by paying their tribute to the teachers, with cake and chocolates. On this occasion a Newsletter prepared by the students of Microbiology Society of M. G. Science (MSMG) “**The World of MicroBIOME**” volume 5 was released by the Guest of honor and alumnus of the department Dr. Bhavini S. Shah (Founder of Neuberg Supratech Reference laboratory, Ahmedabad). She delivered a talk on “Journey called life”, which was helped motivating the students and guided them how to make really tough choices in career as well as life. Dr. Vivek N. Upasani (Principal I/c) gave an inspiring speech and conveyed blessings from all teachers to the students. He wished that the students pursue their career goals with earnest and serve the nation.
